

December 29, 2020

Dear SMUSD Families,

As we close 2020, we hope that our SMUSD families are experiencing comfort and joy this holiday season. We are looking forward to all that 2021 will bring and are especially anxious to welcome our students back to school in the new year.

As you know we have been working diligently to ready our secondary campuses for our middle and high school students return in January, and we are happy to report that our staff and schools are prepared and look forward to seeing our students back on campus as soon as possible.

Please note, however, if San Diego County remains in the Purple tier our middle and high school students must continue remote instruction until the county moves into a less restrictive tier.

On January 11th, the Governing Board will meet to further review the status of COVID-19 in San Diego County and will make adjustments, if necessary, to the current return plan for our secondary students at that time. We recognize the importance of early communication of any changes of our school plans to our families; we will continue to update you in the coming weeks.

We wish you continued health during this holiday season.

Sincerely,

The SMUSD Governing Board
Kevin Holt, Ed.D., Interim Superintendent
