CONTRACT FOR SPLIT-PAY ACCOUNTS

By opting to use a Split-Pay Account in EZ ChildTrack, I agree to pay the agreed-upon percentage of my child's tuition each month. I understand that my child's participation in the program is dependent on each party's portion of these payments.

I understand that the Primary Account Holder, which is the parent who registers the child in EZ ChildTrack, will have direct access to all PINs for authorized pick-up people, including those designated by the other party participating in the split-pay account.

I understand that both parties participating in the split-pay account must be in agreement on the list of authorized pick-up people for the child.

I agree to allow the Primary Account Holder access to all PINs and I understand all PINs must be mutually agreed upon.

I understand that if the Primary Account Holder changes or deletes PINs without permission of the other party participating in the Split-Pay Account, my child will not be able to participate in the KOC program.
